

DAN REED NETWORK : 'Tiger In A Dress' (Mercury)

After ransacking London's Marquee club a year ago, and then having the audacity to leave the country, Dan & Co. decide to muscle their way back onto the streets as if nothing had happened. It has; these days the Funk Rock School Of Supremacy enrolls bigger classes every day. No worries, Dan still has the edge with his outlandish grasp of delirious bass slaps and one big fuzz of guitar.
